5.5 BCL will not be liable to pay the volunteer any other losses, costs or expenses (including any consequential or indirect losses) arising as a result of cancellation by the volunteer.

5.6 In view of the above strict cancellation provisions, BCL strongly recommends that appropriate cancellation insurance is obtained by the Volunteer at the time of booking, and the Volunteer acknowledges the importance of securing such insurance cover (refer to clause 10).

5.7 Each cancellation will be dealt with on a case by case basis, and where possible an alternate expedition date will be offered.

6. Cancellation By BCL Other Than For Force Majeure

6.1 BCL will exercise all reasonable care to ensure that the volunteer participates on the expedition to which they have booked and been accepted by BCL. However, the volunteer acknowledges and accepts the right of BCL to change the published start date of the expedition or provide an alternative expedition location or to make other changes as BCL in the circumstances deems necessary.

6.2 BCL reserves the right to cancel the expedition and provide notice in writing to the volunteer. If the cancellation is made prior to the published start date of the expedition and no alternative

expedition is provided by BCL, BCL will refund the expedition Fee less the non-refundable deposit, which the volunteer shall accept in full and final settlement of all claims which they may have against BCL.

6.3 The volunteer acknowledges that certain medical conditions, psychological or physical, as declared by the volunteer on all medical forms submitted to BCL by the volunteer may be contra indicatory to safe participation on the expedition by the volunteer.

6.4 BCL reserves the right to cancel the volunteer's booking based upon the medical advice of the BCL appointed medical advisor(s) and in so doing the volunteer accepts that BCL shall not be liable to refund any money already paid to BCL by the Volunteer or be liable to the volunteer for any other losses, costs or expenses (including any consequential or indirect losses) arising as a result of cancellation on medical grounds.

7. Force Majeure

7.1 BCL shall have no liability to the volunteer to make any refund or in respect of any other loss or damage suffered by the volunteer as a result of the curtailment, suspension, alteration or the cancellation of the expedition caused by any event of force majeure occurring.

7.2 For the purposes of clause 7.1 "force majeure" shall mean war, threat of war, riot, civil strife, coup, industrial dispute, terrorist activity, threat of terrorist activity, hijacking, health risks, outbreak of infectious disease, quarantine, natural, man-made or nuclear disaster, fire, lightening, explosion, earthquake, storm, tempest, hurricane, flood, landslide, adverse weather conditions, bureaucratic obstacles, government or other official intervention, inability to obtain, or shortage of, fuel, power, gas, equipment transportation or product, loss, theft or damage to strategic equipment, or any other event or circumstance arising which is beyond the control of BCL.

8. Acknowledgement Of Nature Of The Expedition

8.1 The volunteer acknowledges and accepts that the expedition is designed to be primarily of scientific and educational benefit to the host country and not a traditional package holiday where timetables, itineraries and arrangements are clearly defined in advance. Flexibility of expedition timetables, itineraries and arrangements should not only be anticipated but expected. In agreeing to join and participate on the expedition the volunteer agrees to accept this flexibility and to be prepared for variation which may arise with little or no prior notice, and acknowledges the right of BCL to make alterations and variations which shall not be regarded as a cancellation for the purposes of clause 6.

8.2 The volunteer acknowledges and accepts that there is a significant element of personal risk and potential hazard involved in undertaking an expedition of the nature organised by BCL and whilst BCL aims to safeguard the volunteer's safety, it can not be held responsible for damage or injury caused by risks or hazards beyond its control.

8.3 BCL shall not be liable to the volunteer for any claim arising from discomfort or disappointment suffered from participation on the expedition.

8.4 The volunteer warrants that he/she has read the relevant BCL project guide and agrees that this shall form part of any contract between BCL and the volunteer and that he/she will comply with all obligations of volunteers referred to in those documents.

8.5 Due to the nature of the Expedition, the Volunteer acknowledges the BCL may need to make certain alterations to the Expedition, Itinerary, services, training, meals, accommodation and other arrangements. BCL may make such alterations as reasonably required at any time.

8.6 Where any alteration referred to in clause 8.5 significantly alters the content of the Expedition as originally described to the Volunteer:

(a) if the alteration is made prior to departure, BCL shall notify the Volunteer as soon as reasonably practicable;

(b) if made after departure, BCL shall notify the Volunteer as soon as reasonably practicable,

and the Volunteer may terminate the Agreement and clause 5 applies.

8.7 BCL shall not be obliged to pay any compensation or refund to the Volunteer as a result of diving or marine opportunities being reduced because of changes to the Expedition made as a result of circumstances outside the control of BCL, including but not limited to climatic conditions, unexpected equipment failure and/or a Force Majeure Event, and/or made to ensure the health and safety of the Volunteer and/or of the other members of the Expedition.

9. Brochure, Leaflets & Website Information

9.1 All information published by BCL, including the BCL brochure, BCL leaflets and website, contain statements representing BCL's honest belief that the facts as shown are correct. Every reasonable effort has been made to describe fully, and as honestly as possible, the expeditions and other products offered and every reasonable attempt will be made to supply what had been described.

9.2 BCL reserves the right to make changes to its published information prior to confirming the volunteer's booking and, provided such changes have been notified to the Volunteer prior to the volunteer submitting a booking or accepted by the volunteer after submission of the booking prior to BCL's confirmation, then such changes shall be binding on the parties.

10. Insurance

10.1 The volunteer agrees to effect full personal medical and travel insurance and agrees to be personally responsible and liable for ensuring that such insurance cover fully meets their personal requirements and the minimum requirements as recommended in the BCL project guide.

10.2 The volunteer acknowledges the importance of insurance provision in respect of their spouse, dependent children and/or relatives and accepts responsibility for assessing their own personal circumstances and arranging any additional insurance cover that they personally deem to be necessary.

10.3 The volunteer further agrees to ensure that their insurers are aware of the type of travel and work to be undertaken during the expedition and accepts the insurance proposal upon such basis.

11. Medical Information

11.1 The Volunteer shall submit an Expedition Medical Form and a PADI Medical Form, signed by qualified physicians, to BCL no later than one month after the date of this agreement or one month before the Expedition start date, whichever is sooner.

11.2 The information provided on the medical forms must be correct and complete and must include details of all pre-existing medical conditions. If, at any time after completing the medical forms and before departure, the Volunteer's medical condition should change, the Volunteer must notify BCL immediately, providing full details of the relevant changes. If the Volunteer's medical condition changes after departure, the Volunteer must notify BCL immediately, providing full details.

11.4 The Volunteer gives BCL authority to arrange any necessary medical or surgical treatments and to sign any required consent forms on their behalf in the case of an emergency. BCL shall not be liable for any medical or surgical treatment arranged or consented to under this clause.

12. Diving and Swimming Requirements

2.1 If the Volunteer has a Diving Certificate or will obtain one before departure, he/she must submit a copy of it to BCL before departure.

12.2 If the Volunteer does not submit his/her Diving Certificate in accordance with clause 12.1 or the Volunteer's diving qualifications are, in the reasonable opinion of BCL, of a lower standard than stated in his/her application form, BCL may charge an additional fee for Scuba training under clause 12.2. The Volunteer must pay the additional fee to BCL before departure, or where already on the Expedition, immediately and directly to BCL.

12.3 If the Volunteer does not have a Diving Certificate and will not acquire one before departure, or where clause 12.2 applies, the Volunteer shall take part in Scuba training organised by BCL whilst on the Expedition. The Volunteer may not take part in any diving activities until he/she has successfully obtained a Diving Certificate.

12.4 The Volunteer must pass the on-site swimming test before taking part in any diving activities in or on the water.

12.5 All qualified divers joining an expedition must undertake a review dive with the PADI Scuba Instructor to demonstrate their dive skills, show they have the necessary buoyancy skills to undertake survey dives and prove they do not pose a safety risk to themselves and/or others. Qualified divers will not be allowed to take part in survey dives until they have passed this scuba review dive to the satisfaction of the on-site PADI Scuba Instructor.

12.6 BCL retains the right to refuse permission for a volunteer to undertake survey dives with BCL if they have not met the requirements of clause 12.5

13. Transport to and from the Project Site

13.1 If the Volunteer arrives at the pre-arranged meeting point as defined in the Project Guide later than required, the Volunteer must arrange and pay for his/her transfer to the project site.

13.2 The Volunteer is responsible for all transfer and repatriation costs if he/she chooses to leave the Expedition, or if BCL ask the Volunteer to leave or the Volunteer breaks these booking terms and conditions, before his/her schedule Expedition end date. BCL will provide all reasonable assistance in organising such transfer and repatriation.

14. Passport, Visas & Vaccinations

14.1 The volunteer must be in possession of a valid passport (with a minimum validity of 6 months from start date of expedition) and all visas, permits and certificates required for the entire duration of the expedition and must also arrange to obtain whatever vaccinations are normally recommended for the countries through which the expedition is scheduled to travel. Any information given by BCL about visas, healthcare, vaccinations, climate, clothing, baggage, special equipment and other matters is given in good faith but without responsibility on the part of BCL.

15. Compliance With Legal Requirements

15.1 The volunteer agrees to comply with all legislation, visas, immigration, customs and foreign exchange regulations of the countries visited upon the expedition. In the event of a contravention by the volunteer of the laws of any country through which the expedition travels, the expedition leader shall have the right to require the volunteer to leave the expedition within 24 hours notice and no liability on the part of BCL shall arise whatsoever.

15.2 The volunteer agrees that BCL shall offer no refunds if the volunteer does not comply to clause 15.1 and that the volunteer will not pursue any legal action against BCL.

16. Participation & Behaviour

16.1 The volunteer acknowledges that the expedition aims to obtain useful information to assist the preservation of the natural environment under observation during the expedition and that therefore the volunteer expects to work under the supervision of the expedition Leader in a conscientious manner in order to assist in the compilation of this information.

16.2 The volunteer agrees to fully abide by all reasonable rules, regulations and instructions issued by BCL, including but not limited to those stated in the BCL project guide and those from the expedition leader.

16.3 The volunteer agrees to abide by the authority of the expedition leader and to follow all of his/her reasonable instructions.

16.4 The volunteer will indemnify BCL against any damage or loss whether suffered or incurred by BCL, its staff, other volunteers, members of the local community or otherwise, arising from the volunteer's actions or omissions.

16.5 BCL reserves the right, in its absolute discretion, to terminate the volunteer's expedition placement if the volunteer commits any illegal act on the expedition or the volunteer's behaviour is likely, in the opinion of BCL or its employees or agents, to cause distress, damage, annoyance or danger to its employees, other volunteers or to any third party or their property.

16.6 In the event of clause 13.5, the expedition leader may require the volunteer to leave the expedition within 24 hour's notice and BCL will have no further responsibility or liability for the volunteer whatsoever, including any arrangements for travel or accommodation, and will not provide any refunds of monies paid by the volunteer to BCL. Furthermore, BCL will be under no obligation whatsoever to pay the volunteer compensation or cover any costs the volunteer may incur as a result of having to make alternative arrangements.

17. Complaints

17.1 In the event that the volunteer wishes to make a complaint in relation to the expedition, the volunteer will first ensure that the matter has been brought to the immediate attention of the expedition leader who will respond by seeking to resolve the complaint as soon as reasonably possible.

17.2 In the event of an unresolved serious complaint, the volunteer must first complete a full written report detailing the nature of the complaint before departure from the expedition. This report must be signed and dated by the volunteer and the expedition Leader and a copy provided to the volunteer prior to departure. The volunteer should then notify BCL of their complaint by letter within 28 days of their return and include a copy of the report made prior to their departure from the expedition.

17.3 The volunteer acknowledges that it is unreasonable to take no action or fail to report their complaint to the expedition leader whilst on the expedition but then to write a letter of complaint upon return. It is therefore a condition of booking that the volunteer communicate any problem to the expedition Leader and follow the procedures as laid out in clauses 17.1 and 17.2. If the volunteer fails to follow these procedures, the volunteer accepts that BCL cannot be held responsible or liable as the volunteer will have deprived BCL of the opportunity to investigate and rectify the problem during the course of the expedition.

17.4 The volunteer agrees that under no circumstances shall BCL be liable for damages or compensation arising from that part of any claim related to the assessment of inconvenience, discomfort, disappointment, loss of enjoyment or as a consequence of any event of force majeure occurring.

18. Data Protection & Copyright

18.1 The volunteer acknowledges and accepts that all information and data collected by the volunteer during the expedition is for the exclusive use of BCL and that BCL retains full and exclusive copyright, publishing and commercial rights in, and complete editorial control over, this information and data.

18.2 The volunteer waives all rights in relation to the data and information collected by them during the expedition and agrees not to duplicate in any form, publish, render public or make use in any other way of data and information they have collected during the expedition, unless expressly permitted to do so in writing by a serving director of BCL.

18.3 The volunteer agrees that any written, video, film or photographic works they may be asked to make by BCL during their expedition shall be copyright to BCL and may not be duplicated or used for any purpose whatsoever by the volunteer unless expressly permitted to do so in writing by a serving director of BCL. The volunteer waives any right to be identified as the author or creator of any such works.

18.4 The volunteer authorises and permits without charge BCL to use, publish and sell any information, reports, data, video, film and photographic works collected by the volunteer during the expedition, including any video, film or photographic images that may include the volunteer.

19. Variation, Conflict & Jurisdiction

19.1 No servant or agent of BCL can vary or waive these conditions and no variation of these conditions will be effective unless it has been signed by a serving director of BCL.

19.2 In the event that any of the provision of these conditions are held to be invalid under any applicable statute or rule of law, such provisions will be omitted without affecting the validity or enforceability of any remaining clauses.

19.3 In the event of any conflict between any of these conditions and any other document issued by, or on behalf of, BCL these conditions shall prevail, unless otherwise stated in writing.

19.4 These conditions, and any matters arising from them, are governed by and construed in accordance with English Law and are subject to the exclusive jurisdiction of the Courts of England and Wales.
